[African Dinosaurs Unearthed: The Tendaguru Expeditions ...](#)

African Dinosaurs Unearthed tells the story of driven scientific adventurers working under difficult conditions and often paying the price with their health and sometimes with their lives. Set against the background of a troubled century, the book reveals how scientific endeavors were carried on through war and political turmoil, and continue into the present day.

[African Dinosaurs Unearthed: The Tendaguru Expeditions ...](#)

Gerhard Maier brings to life the stalwart German, and later British, researchers who braved the hardships and challenges of the East African bush in the early 1900s to excavate dinosaur bones and other fossil remains for display and study in European museums.
