Milton in Translation - Oxford Scholarship

Milton in Translation is an unprecedented collaboration that demonstrates the breadth of John Milton's international reception from the seventeenth century

through today. The volume presents new essays on the translation of Milton's works written by an international roster of experts. Chapters are grouped geographically but also, by and large, chronologically. The chapters on the twenty-three individual languages are framed by an introduction and two major chapters on the global reach. **The representation of agents of translation in (South ... translation and identity** (see B andia 2008; Milton and Bandia 2009) is raises the question as to whether the same would hold for the translation of pragmatic texts? It also raises the question
