American film in the digital age (Book, 2011)

[WorldCat.org]

American Film in the Digital Age traces the industrial changes since 1990 that have brought us to this point, namely: the rise of media conglomerates, the proliferation of pornography through peripheral avenues of mainstream media, the role of star actors and directors in distributing and publicizing their own pet projects, the development of digital technology, and the death of truly independent films. Author Robert Sickels draws straight lines from the movies to music, DVDs, video games

American film in the digital age (eBook, 2011)

[WorldCat.org]

"In this insightful, well-written volume Sickels (Whitman

College) goes behind the scenes of American film to provide context for the many changes that have taken place in the digital age. . . . The book serves as an excellent example of film criticism that takes into account the relationship between the worlds of business and cinema."
