Angel Creek could be considered the sequel to Lady of the West. One of the secondary characters who endeared himself to this reader is a central character in the two tales of love set in the west of the 1800's.

**Angel Creek book by Linda Howard - Thriftbooks**

Angel Creek is a great book that you'd love to read and want to read time and time again. It was really well written the way Howard connected all of the different character and stories. I also loved the fact that there was an epilogue saying what happened to all of the characters later on in life. If you are looking for a book with passion, sincerity and love, then Angel Creek is the book for you.
