Biofuels and the Globalization of Risk (2010) James Smith
In writing this book, Smith sets his sights on more than just the consequences and risks, global and local, wrought by the (imprudent, he argues) adoption of biofuel technology and -policy.

[Biofuels and the Globalization of Risk - ZED Books](#)
Biofuels and the Globalization of Risk offers the reader a fresh analysis of the politics and policies behind the biofuel story, examining the technological optimism. Starting with a brief history of bioenergy policy, this book explores the evolution of biofuels as a policy narrative, as a development ideal and as a socio-technical system through a series of interlinked case studies.
