mistakes that people make when they think about memes
is they try to extend on the analogy with genes. That's not
how it works. It works by realizing the concept of a
replicator.

Consciousness: A Very Short Introduction by Susan ...

In "Consciousness: A Very Short Introduction", Susan Blackmore gives the reader just that - a very short introduction to a highly complicated interdisciplinary topic. Considering the sheer impossibility of doing that in a fully satisfying way, Blackmore did quite a good job at it.

Susan Blackmore's Consciousness Skeptical About Skeptics

A review of Susan Blackmore's book *Consciousness: An Introduction* by Guy Saunders. There has been a plethora of books on consciousness in the last ten to fifteen years; most of these are recognisably each author's particular take on the subject. Daniel Dennett's book *Consciousness Explained* (1991) was an early example of the genre. Rita
