Predator-Prey Interactions - Ecology - Oxford
Bibliographies

A very detailed review on the evolution/co-evolution of the predator-prey interaction. Abrams supports his arguments with a strong theoretical background beginning with early Lotka-Volterra models and advancing through gaps in current models. Barbosa Pedro, and Ignacio Castellanos, eds. 2005. Ecology of predator-prey interactions. Oxford: Oxford Univ. Press.

Ecology of predator-prey interactions (Book, 2005 ...

"This volume, edited by Pedro Barbosa and Ignacio
Castellanos, examines the role of predation as a force that
shapes the behavior, ecology, and evolution of vertebrate
and invertebrate species. It is the first text to take a
comprehensive and holistic view of the ecology of
predator-prey interactions, providing the reader with
critical evolutionary, physiological, and behavioral
insights. Barbosa and Castellanos
