Elderburbia Aging with a Sense of Place in America, by Philip B. Stafford Foreword by Scott Russell Sanders . With the first of the Baby Boom generation reaching the milestone of mid-life, the number of Americans in or nearing retirement age is both unprecedented and expanding. With so much emphasis on retirees maintaining good health and active lifestyles, it is also important to think about where they live, and how to make those homes and communities elder-friendly.

Elderburbia: Aging with a Sense of Place in America: Aging ...

Drawing on the fascinating, multidisciplinary field of ethnography, it gives readers a deeper understanding of how the aging experience is shaped by where people call home, as well as a look at what makes a place well-suited for post-retirement living. Elderburbia combines cutting-edge scholarship with practical advice. The book provides an introduction to pivotal research on the broad subject of aging and place, including studies of migration and relocation. It also takes readers inside
