Jean Monnet the path to European unity in SearchWorks

"Jean Monnet: the path to European unity" is a collection of essays, first-hand accounts and critical commentaries about one of the key architects of a united Europe. Close friends who supported Monnet's goals of a European community in partnership with the United States are balanced by those whose affection for the French citizen of action did not extend to complete acceptance of his views of a supra-national Europe. Accounts of his early acquaintances are matched with the views of
