This book presents new ways of looking at the long-term development of European kinship from around 1300 to around 1900. We have suggested conceiving two major transitions. The first led from the late Middle Ages into the early modern period and was linked to processes of state formation and property consolidation. It can be associated with an increasing stress on vertical kin relationships

Kinship in Europe Approaches to Long term Developments

Since the publication of Philippe Ari s's book, Centuries of Childhood, in the early 1960s, there has been great interest among historians in the history of the family and the household. A central aspect of the debate relates the story of the family to implicit notions of modernization, with the rise of the nuclear family in the West as part
