Post-conflict Recovery: Institutions, Aid, or Luck?

Post-conflict Recovery: Institutions, Aid, or Luck?

Antonio C. David, Fabiano Rodrigues Bastos and Marshall Mills WP/11/149

(PDF) Post-Conflict Recovery: Institutions, Aid, or Luck?

This paper identifies the factors linked to cross-country differentials in growth performance in the aftermath of social conflict for 30 sub-Saharan African countries using panel data techniques.

Post-conflict recovery : institutions, aid, or luck ...

Foreign aid is shown to have very limited ability to explain

This paper identifies the factors linked to cross-country differentials in growth performance in the aftermath of social conflict for 30 sub-Saharan African countries using panel data techniques.

Post-Conflict Recovery : Institutions, Aid, or Luck? : IMF ...

The results suggest that exogenous factors ("luck") are an important factor in post-conflict recovery. They also highlight the importance in post-conflict settings of policies to mitigate the macroeconomic impact of terms of trade volatility (including countercyclical macroeconomic policies and innovative financing instruments) and of policies to promote export diversification.
