But The Digital Divide doesn't take sides. Framing the discussion so that leading voices from across the spectrum, supporters and detractors alike, have the opportunity to weigh in on the profound issues raised by the new media- from questions of reading skills and attention span, to cyber-bullying and the digital playground- Bauerlein's new book takes the debate to a higher ground. The book

Mark Bauerlein is a professor of English at Emory

University and has worked as a director of Research and Analysis at the National Endowment for the Arts, where he oversaw studies about culture and American life. He lives with his family in Atlanta.

The Digital Divide: Arguments for and Against Facebook ...

The Digital Divide is a fascinating collection of essays that analyze, celebrate, and lament the digital world in the dawn of Web 2.0. Even though some of the essays were written over ten years ago and talk about entities that are no longer relevant (Friendster, for example), it is the themes in the essays that resonate and make them timeless.
