terms of commitments to human rights and justice (p. 3). Seeking to relate the issue of environmental justice to identity and group rights, Hiskes admits that the most daunting challenge he faced in writing this book was that, logically it is impossible to view the environmental rights of future generations as anything other than group right (p. 9). Hiskes's introduction of the concept of group right raises several

Richard P Hiskes The Human Right to a Green Future

This book presents an argument for environmental human rights as the basis of intergenerational environmental justice. It argues that the rights to clean air, water, and soil should be seen as the environmental human rights of both present and future generations. It presents several new conceptualizations central to the development of theories of both human rights and justice, including emergent human rights, reflexive reciprocity as the foundation of justice, and a communitarian foundation
