**The Modern World-System Immanuel Wallerstein**  
The Modern World-System Immanuel Wallerstein----In order to describe the origins and initial workings of a world system, I have had to argue a certain conception of a world-system. A world-system is a social system, one that has boundaries, structures, member groups, rules of legitimation, and coherence. Its life is made up of the conflicting forces which hold it together by tension and tear

[World-systems theory - Wikipedia](#)

World-systems theory (also known as world-systems analysis or the world-systems perspective) is a multidisciplinary, macro-scale approach to world history and social change which emphasizes the world-system (and not nation states) as the primary (but not exclusive) unit of social analysis.
