[The Rosetta Key \(Ethan Gage, #2\) by William Dietrich](#)
The Rosetta Key has the flavor of an Indiana Jones type movie. I didn't read book one of the series and perhaps I would have appreciated book 2 better had I read that first. Regardless, it was a good book but not a great book. Ethan Gage is the main character. He calls himself a savant. He is an adventurer in the late 1700s. He finds himself in Egypt and Israel in search of the book of Thoth.

"The Rosetta Key", 2nd book of a 4 book series by William Dietrich featuring the 'hero' Ethan Gage, an earlier version of Indiana Jones, who just can't seem to stay out of trouble. Set in the time Napoleon was trying to conquer the world, Ethan spends time being saved first by the French, and then the enemy British. It's a "mover and a shaker" as Ethan goes from one problem to another.

The Rosetta Key QA - William Dietrich

While *The Rosetta Key* is a sequel to the earlier book, continuing the story of Ethan Gage's adventures during Napoleon's invasion of the Middle East, it is a stand-alone read. Background from the earlier story is provided in the saga. The first book does make the entire epic more enjoyable, however, and I'm betting readers of one will want to try the other.
