The Shaking Woman, or A History of My Nerves by Siri Hustvedt

Siri Hustvedt uses her experiences she has had with uncontrollable "shaking" as a starting point to delve in the history of psychiatry and medical knowledge about the brain. While we never find out why Hustvedt shakes, and neither does she, her research into why she shakes is fascinating. This book is much like an Oliver Sacks book. There is a lot of Hustvedt in it, but also lots of science
